When kids get the support they need throughout the summer, they are healthier, safer, and better prepared for the school year ahead. With the #SummerForAllAct, we will make summer learning more accessible for young people. Learn more: <https://www.summerlearning.org/summerforall/>
#KeepKidsLearning

A new @Gallup poll finds that 32% of U.S. K-12 parents say their child did not participate in desired summer activities specifically because of cost considerations. The #SummerForAllAct will make summer learning more accessible: <https://www.summerlearning.org/summerforall/>

 from @Gallup: 30 million children participated in a structured activity that provided learning opportunities last summer. Cost is the primary barrier to greater participation. Learn more: <https://www.summerlearning.org/summerforall/>] #KeepKidsLearning

☀️ The #SummerForAllAct introduced by @ChrisMurphyCT will make summer learning more accessible to all families by establishing \$4 billion in grant programs to help community-based organizations and

states expand access to summer learning programming. Learn more about the act:

💡 A recent @Gallup poll found that 30 million children participated in a structured learning opportunity last summer, but about half of parents said there were programs they wanted their children to take but couldn't due to cost.

☀️ The #SummerForAllAct recently introduced by Senator Chris Murphy would help provide high-quality summer enrichment opportunities to kids and families who otherwise would not have access to these programs.

Join us in advocating to #KeepKidsLearning and learn more about the legislation:
